Activity Name

Super Comparison: Flash Face Challenge

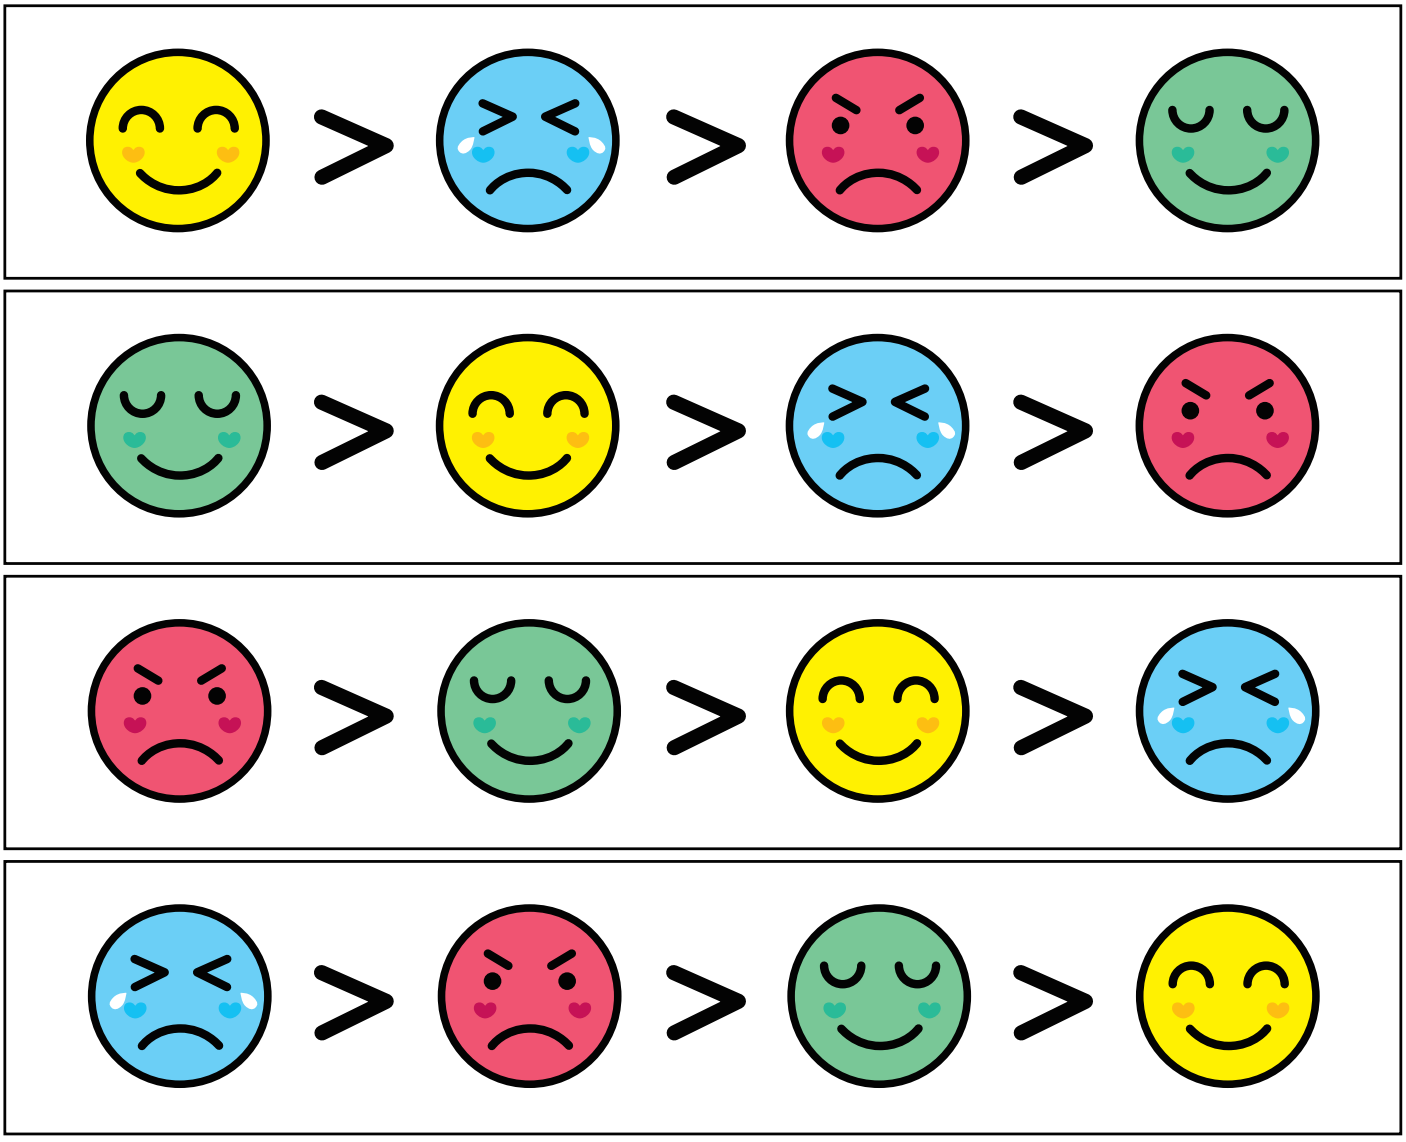

© 2021, 2024 BabyLux Co., Ltd.

There are four expressions and colors here. Please flip the cards according to the problem instructions to see who can collect the most cards!

This game can test recognition ability of patterns, thinking and reaction speed, as well as comparison and differentiation skills. It is suitable for playing at both family parties and school activities!

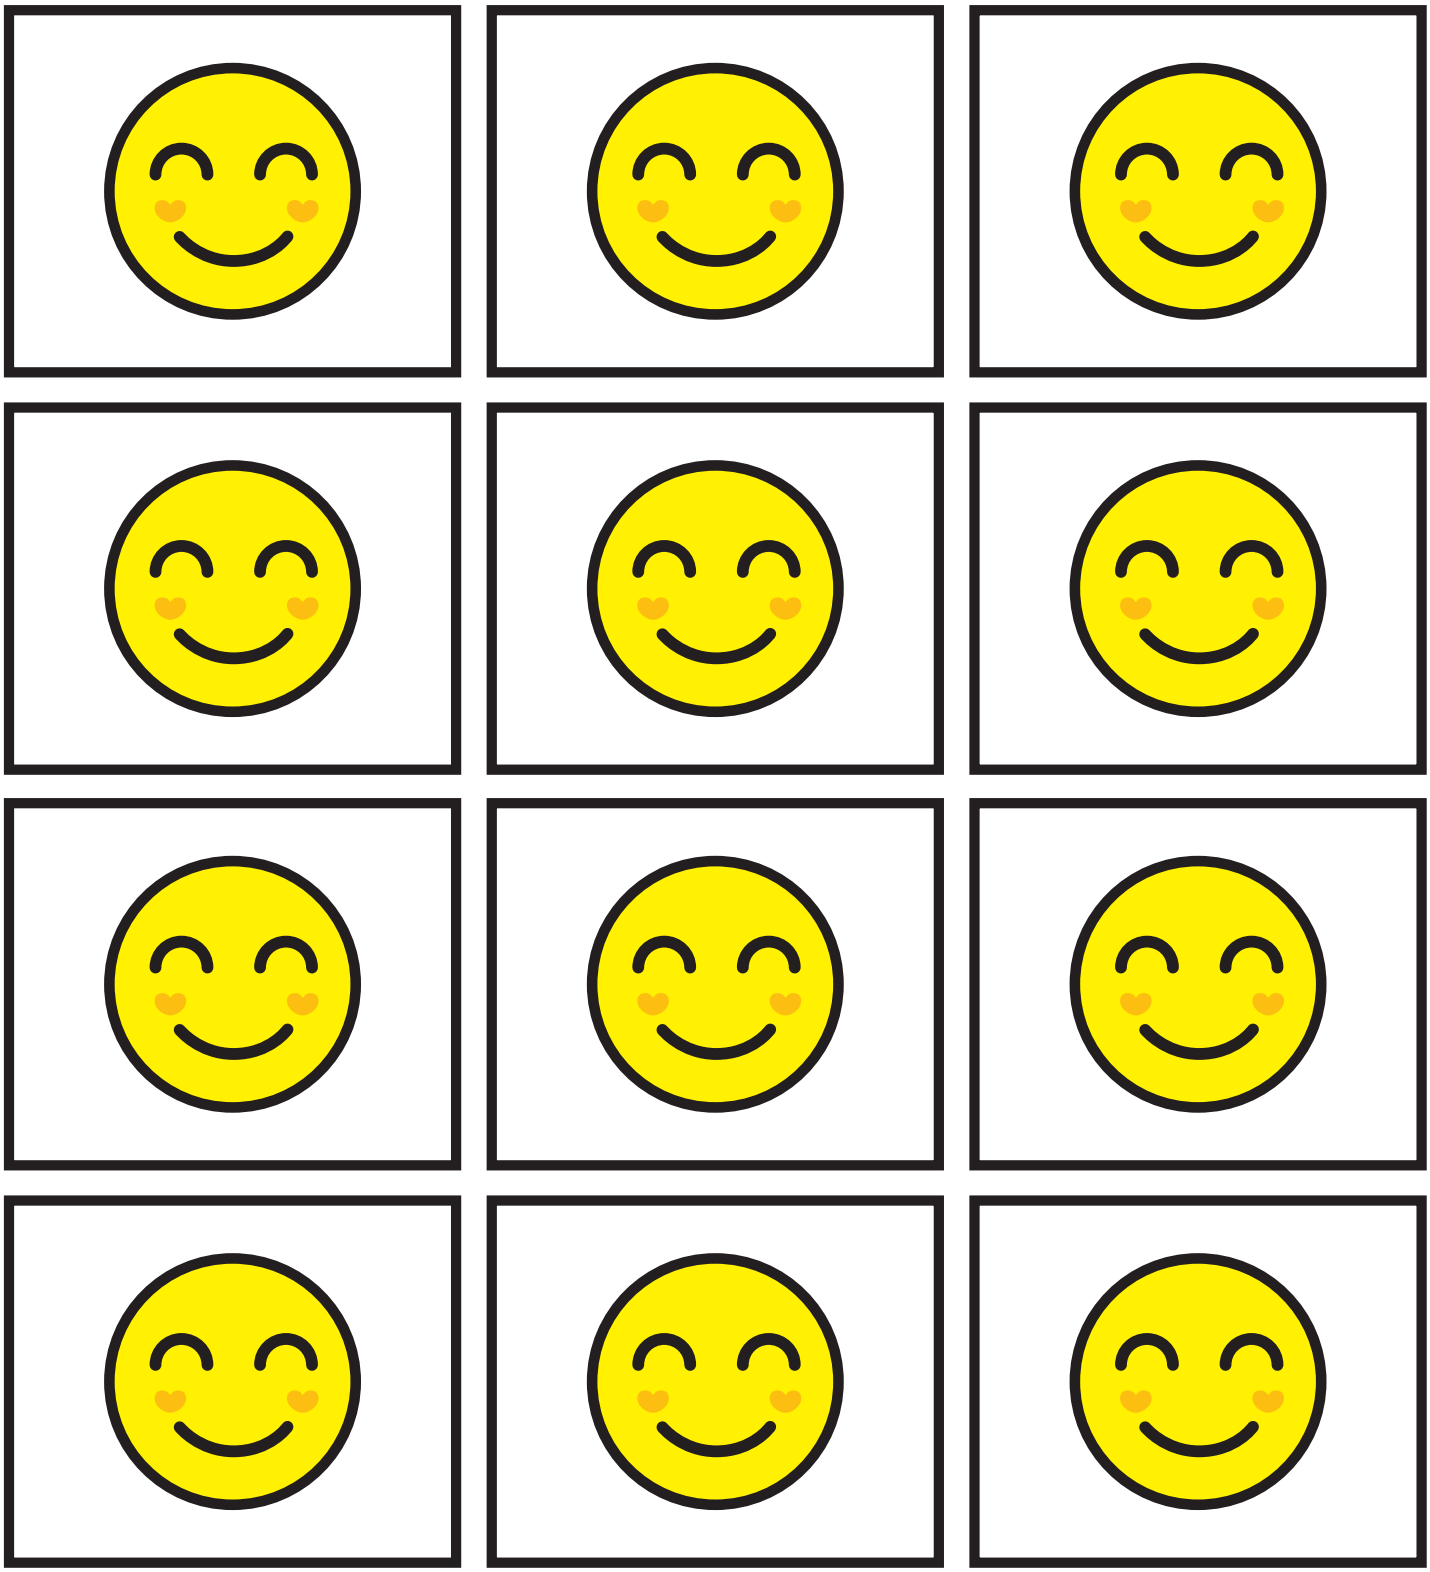

Please cut along the solid line.

Instructions

Objective

Tests pattern recognition, reaction speed, and differentiation skills by requiring children to quickly process visual sequences.

Preparation

Challenge Strips
Cut out the horizontal sequence strips from Page 1.

Face Cards
Cut out all individual colored face cards from Pages 2 through 5.

How to Play

The Setup
Give each player a set of cards (one Yellow, Blue, Red, and Green face).

The Race
Show one challenge strip to all players. Everyone must race to arrange their face cards in the exact same order as shown on the strip.

The Winner
The first person to correctly match the sequence wins the round and collects the challenge strip!
